Notification of Violations

and

Order of Compliance

On December 13, 1983, regulations went into effect here in Utah, which require facilities that treat, store, or dispose of regulated hazardous waste to provide financial assurances for closure and/or post-closure care. On June 6, 1983, our office received a letter of credit from Ireco Chemicals covering closure and/or post-closure costs at their three sites. However, section 7.15.4.(d)(3) Utah Hazardous Waste Management Regulations (UHWMR) says:

"An owner or operator who uses a letter of credit to satisfy the requirements of this section must also establish a standby trust fund."

As of the date of this order our office has not received such a standby trust from Ireco Chemicals. This is a violation of section 7.15.4.(d) UHWMR.

Ireco Chemicals is hereby ordered to comply and provide evidence that such a trust, as described in section 7.15.4.(d) UHWMR, has been established. Such evidence shall be in our office no later than July 8, 1983.

You are also advised that pursuant to section 26-14-13 of the Utah Code Annotated, a violation of this order or the UHWMR could result in a penalty of up to \$10,000 per day.

Signed

Utah Solid and Hazardous Waste
Committee
